

ICSE Class 9 Physics Syllabus

1. Measurement Of Length, Volume, Time, And Mass
2. Motion In One Dimension
3. Newton's Laws Of Motion
4. Force
5. Pressure In Fluids And Atmospheric Pressure
6. Up Thrusts In Fluids and Archimedes Principle
7. Floatation And Relative Density
8. Expansion Of Solids, Liquids, And Gases
9. Thermometry
10. Transfer Of Heat
11. Rectilinear Propagation Of Light
12. Reflection Of Light At A Plane Surface
13. Propagation Of Sound Waves
14. Static Electricity
15. Current Electricity
16. Magnetism
